```
(base) yanghaochen@yanghaohendeAir gitexercise % git log --oneline --graph
*   4132120 (HEAD -> conflict, main) conflict fixed
|\
| * abdb126 conflict
* | c84c4bf conflict
|/
* 546fad7 cleaned up time display
* a977359 add time
* 432fd46 0
```

Above is the first time I did the git exercise, I performed everything as
told but commited "conflict" when I should commit "main change".
So I re-performed 9) Create and resolve a merger conflict below, but
git-log-graph seem not recording my history correctly, as "preparing to
redo" and "starting..." happened before "conflict" and "main change".

```
*   cbec3e9 (HEAD -> conflict, main) conflict fixed
|\
| * 77ec649 conflict
| * 7c1b142 preparing to redo
| * 5ab544a starting to redo the conflict part as things went wrong previously
* | 285bdaf main change
* | 4182b0e preparing to redo...
|/
*   4132120 conflict fixed
|\
| * abdb126 conflict
* | c84c4bf conflict
|/
* 546fad7 cleaned up time display
* a977359 add time
* 432fd46 0
```
